

TCL BREEZEIN SERIES

Inverter Air Conditioner

Cooling without Direct Wind

30s Fast Cooling 60s Fast Heating

Within the time it takes to drink a glass of water, the bedroom becomes cool, and within the time it takes to browse TikTok, the bedroom becomes warm. With the efficient inverter compressor, it is faster, more stable, and more energy-saving

140°F
Outdoor

78°F
Indoor

Stable Cooling at 140°F Extreme High Temp.

Keep You Cool In Scorching
Summer

Stay cool no matter the temperature. Air-cooled E-box ensures continuous cooling even at 140°F ambient.

-4°F
Outdoor

82°F
Indoor

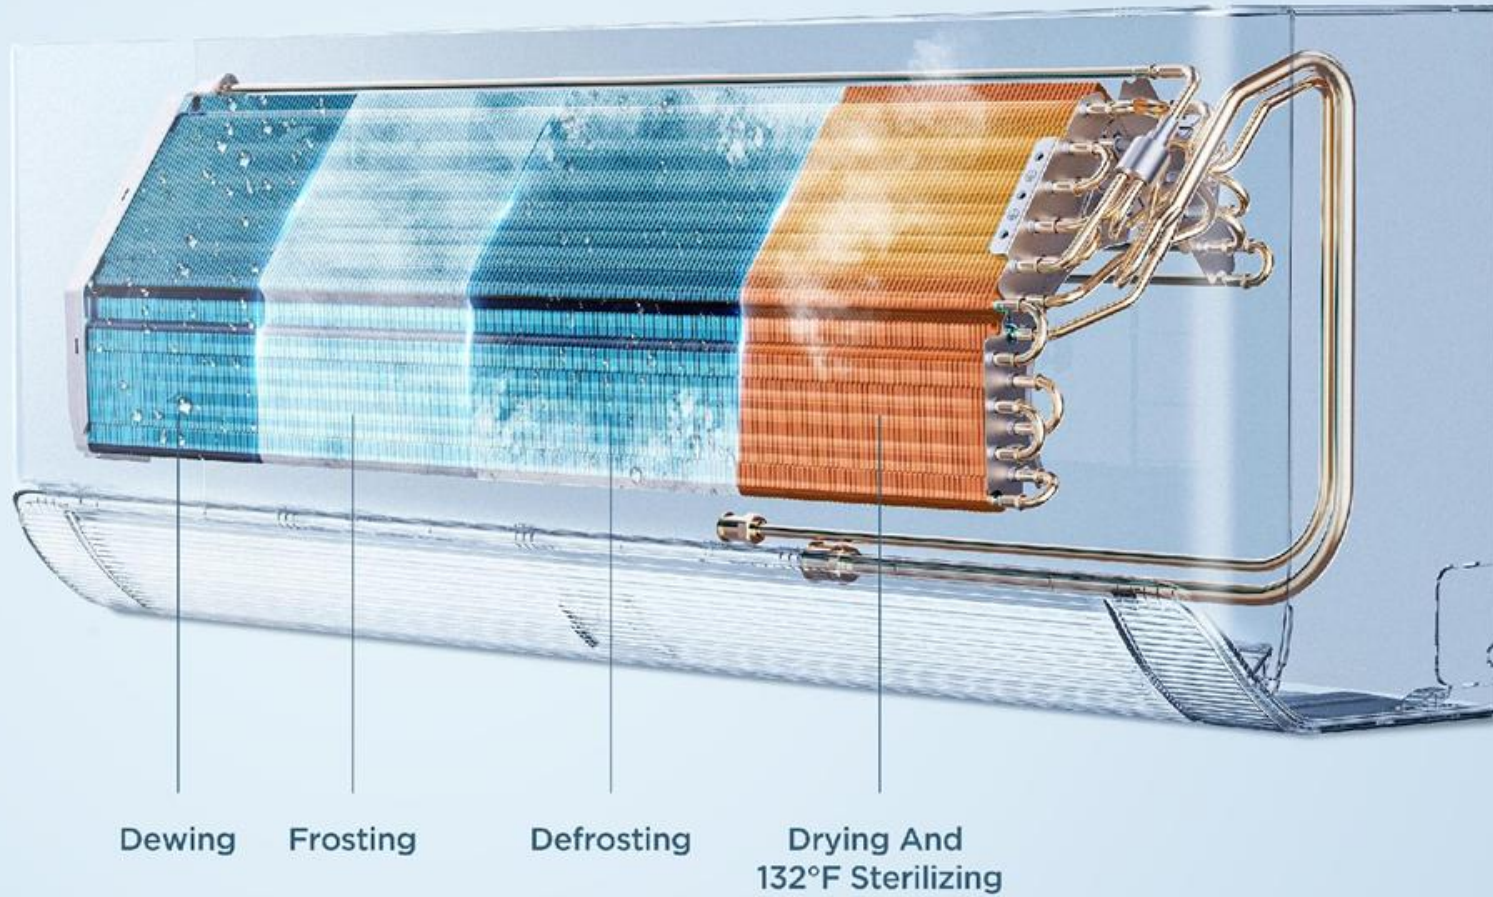

Stable Heating at -13 F Extreme Low Temp.

Keep You Warm In Frozen Winter

The heating belt preheats the compressor upon start-up to get rid of the external coldness and get the compressor ready to start in seconds. And inverter compressor ensures continuous heating capacity even at -13°F ambient.

4-Step Self-cleaning

From dewing, frosting, defrosting, drying and 132°F sterilizing. Deep Clean utilizes water molecules in the air to clean away dust, dirt, and other impurities. The auto program is efficient, easy, and a superior way to enjoy cleaner air - just click the button.

Outdoor Unit Self-cleaning

Experience effortless cleaning with our advanced technology. Our innovative Reverse Clean technology effectively removes dust and debris from the outdoor unit, ensuring clog-free air conditioners, which can boost the cooling efficiency of your unit and prolong its lifespan.

Healthy Filter

6-in-1 filter system includes silver ion filter, active carbon filter, catechin filter, photocatalyst filter, anti-dust static filter, and vitamin C filter, which keeps the bacteria away.

Compatible with Google Home & Alexa

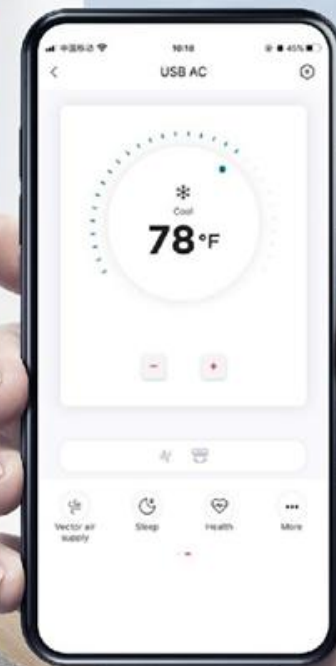

Upgrade your home to a truly smart ecosystem with our smart BreezeIN AC. Connect it to your smart TV, smartphone, or Alexa soundbar through TCL HOME or Google Assistant for hands-free voice control & convenient remote control. Take charge of your comfort with effortless convenience and complete control at your fingertips.

*Connected with smart TV, smartphone or Alexa soundbar via TCL HOME or Google Assistant.

Smart Filter Blockage Reminder

Our air conditioner keeps you informed on filter cleanliness. When the filter is full, the AC displays "CL" and sends a reminder through TCL Home app.

Self-diagnosis And Refrigerant Leakage Reminder

Enjoy peace of mind with our AC's built-in self-check feature! It proactively identifies potential issues, including refrigerant leaks, and notifies you with a code displayed on the control panel. Furthermore, receive real-time notifications directly to your phone. Rest assured knowing that our AC system guarantees safe operation.

Easy Assembly

Less Parts, Less Screws, makes it friendly to assemblers.

Full Buckle Design with No Screw.

20"= Disassembly + Assembly,
Assembly Efficiency Increased by 9.4%.

Easy Disassembly And Cleaning

Cleaning and disassembling an air conditioner is not as complicated as imagined, and it can be completed in three steps:

Step 1: Remove the antibacterial and antifungal filter

Operation: Pull up the handle on both sides of the filter.

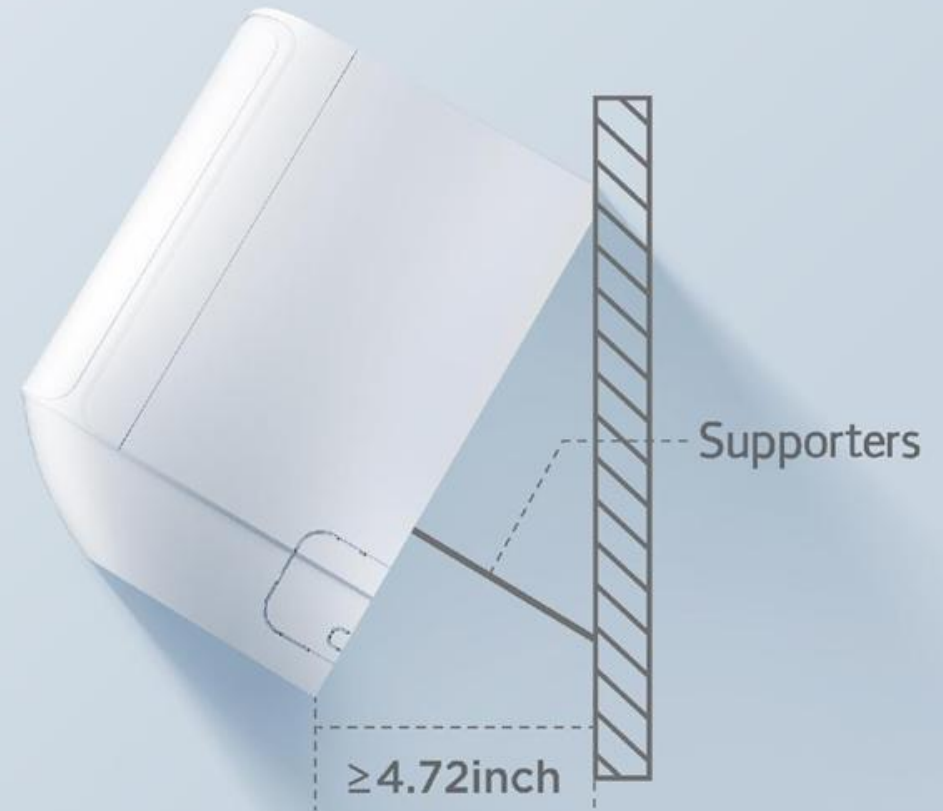

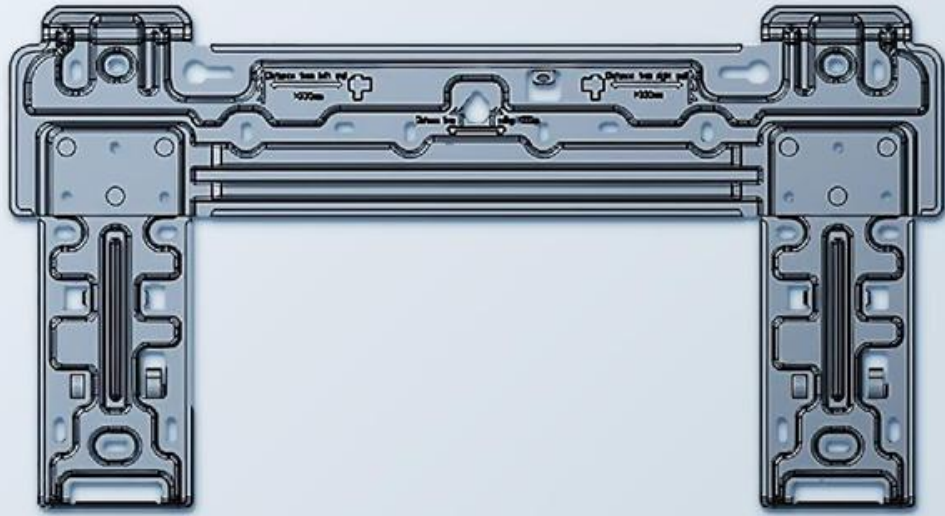

Step 2: Remove the dual-layer air guide plate
Operation: Hold the linkage and twist it upward to remove the dual-layer air guide plate.

Step 3: Remove the Gentle Breeze blades
Operation: Gently pull the Gentle Breeze blades to disassemble and clean them.

Easy installation

π design supporter allows the BreezeIN to hang on and move easily for installation.
To free the hands of installer and help them finish the work fast.
(*Supporter is available in product package.)
